

FOAMING CHLORINATED DEGREASER

PRODUCT DESCRIPTION

Foaming Chlorinated Degreaser from Arrow is a heavy duty, concentrated blend of high alkaline cleaning agents and bleach designed for food processing facilities to remove fatty soils, baked on carbon, blood, grease and oils. A high foaming product, Foaming Chlorinated Degreaser works effectively with hot or cold water on bleach safe equipment and surfaces.

DIRECTIONS

See full label for complete directions.

Test in an inconspicuous area before using. Dilute product with water using 4 oz. to each gallon of water or see your sales representative for accurate dosing tailored to your specific equipment and/or facility. **NOT RECOMMENDED FOR USE ON SOFT METALS.**
